UNPRECEDENTED TIMES

“Every adversity brings new experiences and new lessons.”

- Lailah Gifty Akita

Dear Friends,

Across the country the events of the past few months have been challenging and have spared no one. It has been a time of fear, isolation, illness and loss.

Yet we at CALL Primrose are grateful ...

We are **grateful** to have been able to remain open to serve those in need uninterrupted, since the onset of the ‘shelter in place’ mandate;

We are **grateful** that we have been able to obtain enough resources to provide for everyone, even as the number of families at our doors doubled overnight;

We are **grateful** for the many volunteers who sprang into action with heartfelt offers of help and the family members who supported them in doing so;

And most of all, we are **grateful** to so many in our community for continuing to think of CALL Primrose and those we serve, providing financial support while also caring for your own families and neighbors during some of the most difficult days many of us have experienced.

Clients are ‘socially distanced’ from one another as they wait in line for groceries at CALL Primrose

The financial impact of the COVID-19 pandemic will be felt by so many long after the health crisis has subsided. It is now more important than ever that CALL Primrose remain a reliable resource for those facing hunger and food insecurity in our community. We are resolute in our commitment to be there for those who need us, and we will continue to rely on the support of our community to do so.

Your tax-deductible contribution will help ensure that families in our neighborhoods are able to put food on the table throughout these trying and uncertain times.

Please consider a donation today, as we navigate our ‘new normal’ together.

Most Gratefully,

Terri Boesch
